Vote Books Will Be Out In Precincts

Recommendations of the county commission that municipalities be allowed to handle county vote registrations is meeting favor throughout the county.

The move to take the county books into cities and let the registrations be handled by authorized city officials, was launched two weeks ago by County Commissioner Paul Rardin, Canal Point, and Commissioner Ben Sundy, Delray Beach.

The commission this week received a letter from Robert D. Worthing, Delray Beach city clerk, who said that city was ready to take advantage of the opportunity to move the books into the city so that voters would be spared the trip to the registration office in the court house. Worthing said that arrangements were already underway to bring the county's books to the Delray Beach city hall.

The commission was advised by the Pahokee Chamber of Commerce that it approved of the idea and that the Chamber would ask the Pahokee city council to make arrangements to bring the county's vote registration books to that city.

Request for the right of way was made by Commissioner Paul Rardin, Canal Point, who won the support of the board to procure the needed land on the south side of the road, from the edge of the present pavement which will allow widening of the right of way to nearly 40 feet.

In other right of way actions this week, the board voted to purchase three parcels north of Lake Park for construction of a canal to help drain the North Military Trail area and authorized the appointment of two appraisers to check right of way needed for a connecting road between Lucerne Ave. extension and Lake Worth Road near Lake Worth.

Cinematic Chatter

By Malcolm Millar

Hello everybody! There are two autographed pictures which always hang in Teresa Wright's dressing room. They are there because they represent, in her opinion, the two top actresses of the stage and the screen. One is that of Helen Hayes the other is Bette Davis. Each represents an important phase in Miss Wright's career. The Helen Hayes picture came first. Teresa was a baby-faced young lady of 19 with a thin, plaintive voice at the time. Her father had just taken her to see Miss Hayes in "Victoria Regina" and she was so moved by the experience that she had written the star to tell her about it. Miss Hayes sent an autographed picture to Miss Wright in reply and that simple act determined the young lady from Maplewood, N. J., to become an actress. It wasn't until three years later that Teresa acquired the Bette Davis autograph. By then, her determination to tread the trials of Thespis had led her to Hollywood. Samuel Goldwyn had seen her in "Life With Mother" on Broadway and had brought her West to play the role of Miss Davis' daughter, Alexandra, in "The Little Foxes". In this instance, Miss Davis was moved by Teresa's performance in the picture and said as much in autographing her portrait to her screen offering. The two pictures may represent Teresa Wright's acting idols but they hardly tell the story of the hard work and discouragement that covered the time in between. Miss Wright has come a long way since then. Perhaps those pictures of Helen Hayes and Bette Davis may have something to do with her success too. See you at the movies—Mal.

Mrs. Jordan Walker of Montgomery, Ala., is spending three weeks visiting her parents, Mr. and Mrs. C. L. Stuart, in Canal Point while her husband is on a business trip to Texas.

Sorority Plans To Elect New Officers

At a meeting of the Beta Omicron Chapter of the Beta Sigma Phi Sorority at the home of Mrs. Hilda Jensen recently Mrs. June Parker reported the chapter's executive board had named a committee to nominate new officers. This committee, including Mrs. Marjorie Mock, chairman, Mrs. Valerie Davis, Mrs. Florence Keen, Mrs. Clara Beverly and Mrs. Grace Maxson, will give its recommendations for a new slate of officers at the March 18th meeting.

It was announced the delegate named to represent Beta Omicron Chapter at the State convention of Beta Sigma Phi in Key West will also be the chapter's candidate for the office of State delegate to the BSP national convention.

The group voted to have three social events or parties during the summer season, with husbands of members to attend as guests.

Mrs. Clara Beverly gave a report on the chapter's activities in the current American Red Cross Drive. A report on what the chapter is doing to help the Everglades Memorial Hospital Auxiliary in its membership drive was given by Mrs. Ruth Handley who is being assisted in this work by Mrs. Hilda Wilkinson and Mrs. Clark Wilkinson. Mrs. Mildred Schoepel reported the Valentine dance sponsored by the chapter the night of Feb. 13 was an outstanding success.

The social committee was asked to see if Cypress Lodge, Port Mayaca, will be available to the chapter on April 30 for the annual Founders Day tea.

A program entitled, "The Life Beautiful," was presented by Mrs. Kathryn Cunningham and Mrs. Ruth Handley. Excerpts from the book, "This, I Believe," and the BSP manual, "Purpose and Scope," were read by Mrs. Handley.

Steve Tips the Balance

Was just leaving home this morning when the Missus reminded me to stop at Steve and Al's Meat Market for a pound of hamburger. "Be sure to get it from Steve," she said.

"Why?" I wondered. So when I got to the market I asked Steve if he knew: "I'll tell you, Joe," he said. "Al and I sell the same meat, and a pound is a pound. Maybe it's just that we go at it differently."

"Al loads the scales and takes away 'til he has a pound. But I put too little on and start adding."

Joe Marsh

To your wife—that probably looks like a better buy."

From where I sit, there's always more than one way to approach a thing and still come out fair and square to all. My wife likes a cup of tea with dinner; I prefer a temperate glass of beer. We get along fine. Gets me pretty mad though, when somebody starts "throwing his weight around" and demands that I see things exactly his way.

After all three had some drinks, Watson left Swami's shack, leaving his wife there. Shortly after 9 p. m. Watson returned. The door was locked and he tried to kick it down. Jerry W. Carter announced that he will be a candidate for re-election to the Florida Railroad and Public Utilities Commission in the May Democratic primaries.

The veteran commissioner and former National Democratic Committee member of Florida, said he will qualify in the near future. He plans his usual campaign, he said, consisting of public speaking all over the State, shaking hands at all places where he can meet one or more citizens, and conducting a vigorous letter-writing program.

Jerry is well known throughout Florida and served on the Railroad Commission since 1935. In the 1952 primaries he defeated five other candidates, including the incumbent commissioners, and in the four elections since then has been re-elected by increasingly large majorities in the first primaries.

Carter was the leader in the famous Southern Governors' Rate Case, which resulted in the first downward revision of freight rates for the South and which placed freight rates on Southern manufactured products on a parity with similar rates from and within the North. Carter stood by this and other freight and utility rate reductions which he has been instrumental in winning have saved the people of Florida more than \$100 million dollars. The Florida Railroad and Public Utilities Commission which he heads has refused to grant more than half of the rate increases sought which represents an additional saving of more than nineteen million dollars, declared Mr. Carter.

He started his business life as a pedler at the age of 10, moved to Florida at 12, and quickly became active in public affairs. He and Mrs. Carter, the former Mary Frances Holifield of Pensacola, are the parents of seven sons, all of whom attended the University of Florida.

He has been State Hotel Commissioner under Governor Catts, Hardin, and Martin, and is the only man in Florida to win re-appointment to this office. As Hotel Commissioner when Florida was first establishing itself as a great tourist state, Jerry Carter began many of the prime aids to tourism, including state advertising, the building, electrical, plumbing and sanitary codes, and a modern system of hotel inspection.

Said Collins: "I am interested in one race and one and that is the race for Governor."

The Tallahassee candidate added that if elected he would extend the full cooperation of his office to all elected officials and that he would not use the powers of the governor's office to take part directly or indirectly in local races.

"I feel that the people should be left free to determine for themselves who is to represent them," Sen. Collins said.

Christian Science Group Of Canal Point

The healing power of that faith which is rooted in a spiritual understanding of God will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "Substance" includes the following passage from the Bible:

"Now faith is the substance of things hoped for, the evidence of things not seen... Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear" (Hebrews 11: 1, 3).

Among the corroborative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following: "When we come to have more faith in the truth of being than we have in error, more faith in Spirit than in matter, more faith in living than in dying, more faith in God than in man, then no material supposition can prevent us from healing the sick and destroying error" (368:14).

The Golden Text is from Psalms: "Thy name, O Lord, endureth for ever; and thy memorial, O Lord, throughout all generations" (135:13).

HAMBURGER FRY

Mrs. L. W. Armstrong, Mrs. Lloyd Hundley, Mrs. Frank Friend, Mrs. John T. Pickett, Sr., and Mrs. John A. Dulany were hostesses at an outdoor social and hamburger fry in the Pahokee city park recently with approximately 50 members of the Pahokee First Methodist Church living in the Bacon Point Road area and guests attending. Oscar McClure and Lloyd Hundley were in charge of preparing the hamburgers.

Past Presidents Of Rotary Talk

The Rev. W. Hal Hunter, pastor of the Pahokee First Baptist Church, presented the program at the Thursday luncheon meeting last week of the Pahokee Rotary Club. Three past presidents of the club, John A. Dunlay, Elmer Jones and Rep. B. Elliott were asked by the Rev. Hunter, "Why are you glad you are a Rotarian and when did you see Rotary at its best operating through the Pahokee Club?"

The three past presidents agreed that the many social services rendered and the fine spirit of fellowship to be gained through Rotary are the chief reasons why they are glad they are Rotarians. They thought Rotary was working at its best locally when the Pahokee Club sponsored the organization of the Okeechobee Rotary Club, sponsored the organization of the Pahokee Athletic Council to encourage and promote high school athletics, obtained the walk-in refrigerators for the Pahokee School cafeteria and the Canal Point School lunch room and similar community services. They were also proud of the part the Pahokee Club is taking in the support of the Rotary Foundation program for the interchange of students from all parts of the world.

John Dulaway as chairman of the nominating committee reported the withdrawal of Joseph Kahn as a candidate for the office of vice president. In his place Oscar McClure, retiring president, will be recommended by the committee as

a candidate for vice president, Du-lany said.

Farris Kincaid, Pahokee High School student, was a guest of Student Member Alden Chase. James Ball, Belle Glade Rotarian was a visitor.

Pahokee PTA Hears Safety Director

Dick Morris of West Palm Beach safety services director of the Palm Beach County Chapter of the American Red Cross, was guest speaker at the March meeting of the Pahokee Parent-Teacher Association held in the high school auditorium Monday night.

Introduced by the Rev. W. Hal Hunter, the speaker told about the ARC water safety service which is as its slogan and goal, "Every American, a Swimmer — Every Swimmer, a Life-Saver." He pointed out that 40 years ago about the time the ARC water safety service was started approximately 14,000 persons were drowned annually as compared to the 8,000 who die from drowning annually in this decade, despite the fact the population of the United States has greatly increased since 1914 and water sports are becoming increasingly popular.

Morris announced that plans are being made for a 10-day course in advanced swimming and life-saving techniques to be held in Chipley and he invited the Pahokee School or PTA to send someone from the

community to take this course and teach some of the techniques learned in the swimming classes at the pool in the Pahokee city park this coming summer. A tuition-paid to the course is being offered by the American Red Cross to anyone qualified to take it, the speaker said.

At the business session, with the president, Mrs. Edward A. Jensen, presiding, it was announced that Teen Town, a recreational center sponsored jointly by PTA and the PHS Student Council, is being moved from the Legion Hall on East Main Street to larger quarters in the Community Park building at Canal Point. At the present time the recreational facilities of Teen Town are available to the youth of the Pahokee-Canal Point area on Friday nights.

It was reported three new dens were recently organized within the Pahokee Cub Scout Pack 23 which is sponsored by PTA. Mrs. Mildred Schoeppe reported 214 free lunches were served to underprivileged children at the school cafeteria through January.

The group voted to purchase a copy of Dr. Alton C. Morris's book, "Florida Folklore," for the school library. A letter was read from Mrs. M. D. Worley, PTA District

President, thanking the Pahokee PTA members for their hospitality during the recent District Nine meeting in the Pahokee High School auditorium.

Following the meeting refreshments were served in the school cafeteria by Mrs. Rupert Mock and Mrs. Clyde Alley, co-hostess, assisted by Mrs. William Howard, Mrs. K. P. Rockwell and Mrs. James W.
